

Lemon Juice for Freckles

Girls! Make beauty lotion at home for a few cents. Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quart of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless—Adv.

To Acquire Curly Hair In a Single Night

Hair tortured with the hot curling iron is bound to become dry, harsh and brittle, as so many know from experience. It is more sensible to use plain liquid which will cause no harm and which produces a curling effect and a more natural appearance. It is the peculiar property of drying in the most beautiful waves and curls. It is also a fine dressing for the hair, preserving its texture and health, keeping it soft and supple, and it is so easy to use that it is done before retiring. The hair will be curly and fluffy when combed out—Advertisement.

Liquid hairdresser is not sticky or greasy and it won't stain or streak hair or scalp. It is convenient to use, and it is a little like a saucer and then with a clean tooth brush apply evenly to the hair from root to tip. If this is done before retiring the added glory to one's "crowning glory" will be quite apparent in the morning. The hair will be curly and fluffy when combed out—Advertisement.

TONIC - UPBUILDER
Stimulates Coughs, Weak Lungs and Colds
Eckman's Alternative
For many years this Calcium preparation has maintained an ever-increasing reputation for accomplishing good, and then remarkable results.

Judges Give Opinions of Nuxated Iron

AS A TONIC, STRENGTH AND BLOOD BUILDER
It Helps Put Vim and Renewed Energy Into the Veins of the Weak, Run-Down, Infirm and Aged—Often Increases Their Strength in Two Week Time

Ex-Judge Samuel S. Yoder, Statesman, Jurist and for 15 years a prominent figure in the law, and Commissioner of the Board of Medicine and Health, says: "Nuxated Iron has proven so efficacious as a tonic and vigor restorer to me that I am departing from my custom in sending you this voluntary testimonial. Long, steady overwork had produced a condition which a physician had advised a generous rest, but a loss of appetite and inability to continue until I began the use of Nuxated Iron with most favorable results from the beginning. I regard it as a remedy of highest merit."

Judge Wm. L. Chambers, Commissioner of the Board of Medicine and Health, says: "Nuxated Iron has proven so efficacious as a tonic and vigor restorer to me that I am departing from my custom in sending you this voluntary testimonial. Long, steady overwork had produced a condition which a physician had advised a generous rest, but a loss of appetite and inability to continue until I began the use of Nuxated Iron with most favorable results from the beginning. I regard it as a remedy of highest merit."

Judge G. W. Atkinson, United States District Judge, says: "Nuxated Iron has proven so efficacious as a tonic and vigor restorer to me that I am departing from my custom in sending you this voluntary testimonial. Long, steady overwork had produced a condition which a physician had advised a generous rest, but a loss of appetite and inability to continue until I began the use of Nuxated Iron with most favorable results from the beginning. I regard it as a remedy of highest merit."

RESPECT TO FLAG

State Guard Officers Tell How To Recognize Emblem.

Rules for Courtesy Due National Anthem Also Given.

"To the State Journal: 'Frequent enquiries are made by civilians to the respect and courtesy due the national anthem and the national emblem. There are many loyal and patriotic citizens who through ignorance, or of what is due, fail to give the outward and visible marks of respect. On the other hand there are many who wantonly fail to show respect for the flag, or the country of which it is emblematic. And if all loyal citizens are properly educated in this regard, it would be a simple matter to spot the disloyal and to compel them to show, at least the outward signs of respect, regardless of what their innermost consciousness might feel, even the strongest arm holding the hat opposite to, to compel that mark of respect. With this educational object in view it might be well to briefly review the proper method of displaying our respect to and honor for both the national anthem and national emblem."

"On all occasions when the Star Spangled Banner is played in public, all soldiers, whether officers or enlisted men, will, if in uniform and not in formation, come to attention, facing the music, and salute at the first note of the anthem and remain at salute until the last note of the anthem is played. If in formation, the officer in command of the unit will call his unit to attention, and the officer will render the salute for the unit, the unit remaining at attention during the salute by the officer in command of the unit."

"Civilians should stand. 'Civilians and soldiers in civilian clothes, will, if seated, stand up, if covered, will uncover at the first note of the anthem, holding the hat opposite the left shoulder until the last note of the anthem has been played. Except that in inclement weather, it is permissible to stand with the hat held slightly raised."

"When played on an army band, the national anthem should be played without repetition. The national anthem, nor any part of it should ever be played in a musical medley, altho this is frequently done, the playing of

25 YEARS AGO IN TOPEKA

From the columns of THE TOPEKA STATE JOURNAL

July 2, 1902.

The layout of Santa Fe employees, has reached the department of Master Car Builders. Yesterday afternoon 153 carpenters, painters and box car men became victims of the reduction. This is about 20 per cent of the regular force.

The company is furnishing its discharged men with passes to any point on the system, and where other things are equal, married men are retained in preference to single ones.

Lewis and Albert Roby are in Montreal, Canada.

Floy McDonald and Walter Smith spent yesterday in Junction City.

Misses Lillian, Jennie and Mollie Magill, Mary Harrison, Arthur Clark and Jake Mohr will picnic at Silver Lake on the fourth.

Mr. and Mrs. George M. Noble and family, Mrs. S. G. Bailey and daughter, Senator and Mrs. Peffer, Mr. and Mrs. Geo. Ebert, Miss Grace Van Houten and Elwood Peffer, were entertained by Mr. and Mrs. J. H. Noble last evening.

Theodore Hammatt is the guest of George Crawford this week and will leave soon for Maine to spend the summer.

It is in such a manner is disrespectful to the national hymn, and it is also disrespectful of making a medley of the Doxology and Casey Jones.

"The same mark of courtesy and respect should always be paid to the national emblem. The Star Spangled Banner, whenever the same is passing in review or is passing in a parade on our streets or elsewhere. When with in six paces of the flag, all soldiers will render the military salute in the manner prescribed by the military regulations. All civilians should uncover until the flag has passed or they have passed the flag."

"Show Courtesy to Allies. 'The same respect and courtesy that is paid to our own national anthem, should be shown to the national anthems of our allies when the same are played in public."

"There is no rule requiring one to uncover when America is being played, yet it is a good idea, at all times, to show the same respect to the playing of America as to the national anthem, for these are strenuous times, when every possible mark of respect, esteem and honor should be shown to America—Our Country."

"T. D. HUMP, REYS, Sergt. Maj. "Ninth Battalion Kansas State Guard."

GUARD IS GIVEN FLAG
Ninth Battalion Given Colors With Impressive Service.

The Ninth battalion, Kansas State Guard, is the possessor of a flag given them last night by the women of Lincoln Circle, Ladies of the G. A. R. The exercises were held on the east steps of the state house and the program began with music by the Ninth Battalion band and the invocation was made by the Rev. Bernard Kelly, following which Mrs. B. B. Smythe sang "Columbia, the Gem of the Ocean," and a short talk was made by Adjt. Gen. Chas. H. Huffman.

Mrs. Delmore McGraw, patriotic instructor of Lincoln Circle, presented the flag to Governor Capper with an appropriate speech and he, in turn, addressed the men of the Ninth battalion, commending them for their faithfulness in preparing themselves for any emergency.

While attending the British Labor party conference in London, Mr. Brant-Johnson, secretary of the Associated Press that he could say with great pleasure that the Swedish people were becoming more pro-ally. He said he was convinced, however, that Sweden would continue to be neutral.

TWELVE GIRLS INJURED
Truck Carrying Sorority Crowd Went Into Ditch Near Chicago.

Chicago, July 2.—Twelve girls were injured last night, several of them severely, when a truck in which they were being taken to the railway station from the Great Lakes naval training station overturned pinning them beneath its wheels.

The girls, members of Phi Pi Psi sorority, had given a play at the naval station and were on their way to take a train for Chicago. The glare of the headlights of another automobile confused the driver and in turning aside his truck overturned, turning its quota into the ditch. Jackies from the station aided in pulling the girls from the truck. At the hospital it was stated that none of the injuries was likely to prove fatal.

Careless Use of Soap Spoils the Hair
Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary multifid coconut oil (which is pure and greasy), and is better than the most expensive soap for anything. Use one ounce of coconut oil and two teaspoonsful will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundant, rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get multifid coconut oil at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months—Adv.

NATIONALISM MARCH

Monster Parade in New York on July Fourth.

Dinshah Ghadiali Will Be Sole Representative of Parsees.

New York, July 2.—One of the forty national divisions in the monster independence day pageant parade that will feature the celebration of the day in New York will consist of one man.

The mayor's committee on national defense today announced that permission to march in the parade should be granted to Dinshah P. Ghadiali, who says that so far as he knows, he is the only Parsee Zoroastrian citizen of the United States.

Will Wear Civilian Garb.
Ghadiali will appear in civilian garb as will the marchers representing the other nationalities allied with the United States or the suppressed countries sympathetic with the allies.

The plans of many of the national groups to add to the parade by wearing native costumes were changed today following a decision by the committee that only the military or the suppressed countries should wear native costumes.

Use Pictures for Propaganda. Moving pictures of each of the national divisions will be taken by the committee on public information, and so far as possible will be shown in the European countries from which members come to prove the loyalty of immigrants to the United States.

JOHN BROWN HOUSE BURNS
Birthplace of Famous Kansas Abolitionist in New England, No More.

Boston, Mass., July 2.—In the destruction by fire a few days ago of the house in West Torrington, Conn., in which John Brown, the famous abolitionist, was born, New England loses one of its most important historical landmarks. The John Brown association, which owns the property, will make no effort to restore the building, but will probably erect a monument on the site. Only the chimney remains standing, and this is likely to collapse at any time.

The first five years of John Brown's life were spent in Torrington, Conn., and was purchased a few years later by Owen and Ruth Brown, parents of the famous liberator. The records of the old town of Torrington show that John Brown was born in Torrington on the 9th day of May, 1800.

"Owen Brown, now of Torrington, late of Salisbury, was married in Salisbury on the 11th day of February, 1789," and that "John Brown, son of Owen and Ruth Brown, was born in Torrington on the 9th day of May, 1800."

The first five years of John Brown's life were spent in Torrington, Conn., and was purchased a few years later by Owen and Ruth Brown, parents of the famous liberator. The records of the old town of Torrington show that John Brown was born in Torrington on the 9th day of May, 1800.

Altho John Brown moved to the West with his parents when he was only five years of age, his native state in later years and addressed audiences here and solicited financial aid for Kansas. He was a native state in later years and addressed audiences here and solicited financial aid for Kansas. He was a native state in later years and addressed audiences here and solicited financial aid for Kansas.

The bell which was on the old engine house at Harper's Ferry, which and which is considered one of the most highly prized souvenirs of those troublous times, may be seen today on the front of the Grand Army building at Marlboro, Mass.

On the occasion of the 100th anniversary of the birth of John Brown, which was held at the home of the celebration which attracted much attention and incidentally brought a swarm of relic hunters. Some of the latter went so far as to rip off some of the clapboards and even took the old crane which hung in the fireplace.

FOR OKLAHOMA GOVERNOR
Brother of Ed McKeever, Topeka, Is Republican Candidate.

Horace G. McKeever of Enid, Okla., a brother of Ed McKeever, prominent Topeka lawyer, may be the next governor of Oklahoma. At least McKeever is in the race for the Republican nomination and is being held the support of the men who are working to iron out factional party differences.

The McKeever candidacy is causing most earnest discussion in Oklahoma and the press of the state has strongly urged the Enid lawyer to accept the nomination. When Harry H. Rogers of Tulsa refused to run because of ill health, he gave McKeever a glowing endorsement and the Enid lawyer is now being actively in the affairs of the party in every campaign.

THE HUNS OF THE HOUSEHOLD
Booklets on Household Pests to Every Reader of the State Journal.

Bloodthirsty carriers of insidious diseases, are of household pests, that would if they could, make your home their house and feed on YOU AND YOURS.

Are you a vermin host and hostess? Are you willing that they and their horde shall actually FEED ON YOU? Not only feed but carry disease into your family.

An endless parade of flies and fleas, bedbugs, moths, ants and mosquitoes will make your house a veritable Noah's Ark, unless you guard against these household Huns.

Liberty's Honor Roll

THREE KANSANS ON LIST

Washington, July 2.—The army casualty list today contained 81 names divided as follows: killed in action 8, died of wounds 10, died of disease 1, wounded severely 48, wounded slightly 2, wounded degree undetermined 2, missing in action 10.

Died from wounds: Emory E. Baird, R. D. No. 6, North Topeka, Kan.; Chas. Wheatly, Bunker Hill, Kan.

Wounded severely: Hugh S. Funk, Liberal, Kan.

Wounded degree undetermined: Pvt. Paul A. Beach, Green Ridge, Mo. The remainder of the list follows:

KILLED IN ACTION.
Lt. James C. Hower, Bristol, Tenn.; Lt. B. Redwood, Baltimore.

HEAT HURT THE WHEAT
E. J. Smiley Says North Central Counties Have Been Hard Hit.

That the wheat crop in the north-central counties of the state will amount to only about a fourth of the average yield is the declaration made by E. J. Smiley, of the grain dealers' association, who has just returned from a trip thru nine of the northern counties.

POLISH "LIBERTY"

Frontiers Will Be Fixed by Hun Military Needs.

German Solution of Polish Problem Is Given Out.

London, July 2.—The principal features of the German solution of the Polish question, which are approved by all the central powers, are published in the Abend Zeitung of Augsburg, Germany, says an Exchange Telegraph dispatch from Zurich. The conditions are:

Military Will Fix Frontiers.
"The frontiers will be fixed by the German high command according to military necessities."

The Polish army will be restricted to 90,000.

Commercial Concessions.
"For fifty years Poland must make most favorable economic concessions to the central powers on the principle of the most favored nation."

"Publication of German, Austrian, Hungarian, Bulgarian and Turkish papers must be allowed in Poland."

"In any locality where there are ten German children a German school will be opened."

Provision to Control Constitution.
"The constitution, the newspaper press, also is made for an elective monarchy. The German conditions will be incorporated in the constitution, which cannot be modified without the approval of the central powers."

WAR PRODUCTION DISTRICT
Topeka Heads One of Sub-Divisions in Fourteenth Region.

Kansas City, Mo., July 2.—Organization of the fourteenth regional district of the United States for more intensive war production has been effected here at a meeting of 150 manufacturers representing the factory resources of Kansas, Oklahoma, Nebraska, Colorado, Wyoming, Utah, of New Mexico and the western part of Missouri. The zone, of which this city is the headquarters, is designated as a headquarters city was designated.

The objectives of the meeting were designed to include a survey of all the factories of the zone and their classification as to war work now engaged upon and ability to convert their facilities for an increased war output.

The war contracts, it was explained, will be apportioned to the sub-regional districts that congestion may be avoided and transportation and labor difficulties minimized. Franklin D. Crabbs, president of the Kansas City Chamber of Commerce, who was chosen permanent chairman of the conference, said, in address to the manufacturers, that non-essential industries must be prepared to do without raw materials, if necessary.

At the outset the meeting was addressed by Mr. Otis. Headquarters for the sub-regional districts decided upon were:

Oklahoma—Miami, Poteau, Tulsa, Ardmore, Enid and Oklahoma City.

Nebraska—Omaha (other districts probably to be established).

Colorado—Denver, Pueblo, Grand Junction.

Utah—Salt Lake City.

Wyoming—Cheyenne.

Missouri—St. Joseph, Kansas City, Nevada, Joplin.

Kansas—Leavenworth, Topeka, Coffeyville, Salina, Wichita.

GO TO HART FUNERAL
Topeka Masons Represented by Fred Volland and C. W. F. Reichenbach.

Fred Volland and C. W. F. Reichenbach left Monday night for Denver to attend the funeral of George W. Hart as representatives of the Masonic bodies of Topeka. Volland went as the representative of Topeka consistory No. 1, and of Abraham Temple of the Mystic Shrine. Reichenbach will be the representative of Sileam lodge No. 255, and the Sileam Past Masters' association.

The funeral will be held tomorrow.
